

# Paumier Marine

## PRODUCTS AND SOLUTIONS

### HVAC ENGINEERING

#### CALCULATION NOTES

- Hydraulic
- Aeraulic
- Refrigerating
- Thermal
- Structure

#### DESIGN

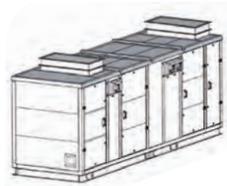

- Basic Design
- Specification
- Data sheets
- Drawings 2D/3D
- Functional analyses

### COMMISSIONING

- Technical teams with international experience
- Specific tools and instrumentation provided
- Test Bench for chilled water units and air conditioning units
- Certifications and accreditations:
  - BOSIET (Basic Offshore Safety Induction and Emergency Training)
  - HUET (Helicopter Underwater Escape Training)
  - PED (Pressure Equipment Directive)
- Training center

### MAINTENANCE / AFTER SALES SERVICES

- Spare parts Service
- Repair Technicians
- Audit of your installations
- Preventive and corrective maintenance

### MANUFACTURING WORKSHOP

#### SHEET METALWORK

- Base frames
- Casings
- Droplet separators
- Ducts

#### AIR TREATMENT

- Air Handling Units
- Air Conditioning Units
- Air Cooled Condensers
- Fan Units

#### COOLING PRODUCTION

- Chilled Water Units
- Heat Exchanger Skids
- Refrigerating Units

#### SPECIFIC EQUIPMENT

- ATEX Units
- Compact Units
- Pump skids
- Coils
- Process Units

#### FRANCE

##### Fécamp (Head Office)

Parc d'activités des Hautes Falaises  
76400 Fécamp

## HEATING . VENTILATION . AIR CONDITIONING

### OUR EXPERTISE

## WHAT DO WE DO?

Specialist of industrial cold, air treatment and climatic engineering, Paumier Marine offers tailor-made HVAC solutions for marine and offshore sectors. Our teams, particularly the Design Department and the manufacturing workshop, adapt to market trends and propose optimal solutions that meet your process and environment. We deliver complete systems with necessary engineering, calculation, ductwork, HVAC equipment...

## OUR EXPERTISE

### AIR HANDLING AND AIR CONDITIONING

- All types of high efficiency filtration
- Purification, pressurization, extraction
- Air Conditioning / Heating
- Dehumidification
- Ventilation of galleys, machinery, and technical rooms
- ATEX explosive atmospheres

### REFRIGERATING SYSTEMS

- Coolant or Direct expansion
- Equipment for all types of fluids : Ammonia, CO2, R134a...
- Reciprocating, screw, hermetic, open compressors
- All capacities equipment
- Air, water, sea water condensation

## CORE COMPANY VALUES

Paumier Marine federates its teams around core values and thanks to a common dynamics which structures the way we operate and the way we manage our projects.

- Stand alone company
- With a human scale
- Friendly
- Innovative
- Reliable
- Working as a team
- Focused on one's customers

## SERVICE

We can assist your operational and maintenance staff. If necessary, our technical teams can intervene very quickly on site. Our after-sales service provides practical advice before purchasing or before renewal of obsolescent equipment. Professionalism of Paumier Marine's teams is at your service.

## MARKET SEGMENTATION

### MARINE

- Fishing
- Military & Service Boats
- Cruise Ships

### ONSHORE / OFFSHORE / OIL & GAS

- Drilling Rigs
- Wellhead Platforms
- FPSO
- Barges
- Living Quarters
- Technical Rooms
- Drilling / Exploration
